ABOUT EEC

Express English College offers luxurious premises, super-dedicated and passionate teachers who bring their expertise and delightful personalities to their students' lives, all-inclusive teaching + activities packages, superb facilities, and a beautifully maintained environment. The school is located in contemporary, comfortable surroundings. Our classrooms are equipped with up-to-date digital technologies for effective – and environmentally friendly – teaching and learning, alongside a luxury lounge, computer, and café area.

Lessons are fully interactive, where you will use the language that you are learning: all day, every day! Learning English is not just about 'boring' grammar, and Express English College's goal is to make every class totally communicative, engaging, fun, and challenging. At the same time, you will develop highly sought-after skills which help you promote your further or higher education applications, enhance your job skills, and grow your confidence at a personal level.

Teachers are not only fully-qualified but also are extremely enthusiastic about teaching English. They will give you every opportunity to participate, especially in speaking. The college believes developing spoken fluency is central to success, and we achieve this by building students' confidence levels until they truly believe in themselves as English speakers and users. Having said that, our lessons are varied, and will focus on all skills, including listening (independent and active); writing (different types of text); reading (for gist and detail); the acquisition and extension of vocabulary, and of course grammar and pronunciation.
