

## INTENSIVE COURSE (MORNING)

This course is intended for students who want to learn German fast or intend to lift their German language knowledge to the next level. It is also the ideal course to prepare you for an upcoming examination to certify your German skills in combination with our exam preparation.

Besides the basic skills **reading, listening, writing** and **speaking** we also teach **grammar** and **vocabulary** in our **interactive, communicative** and **modern** classes. We have an extensive team of experienced teachers who have taught German language with great pleasure to generations of students.

For a **quick learning progress** our qualified and highly motivated teachers use the monolingual teaching method. That means: **German from the first day on**. In addition, there are practical exercises to be done in and around Lindau, e.g. go shopping at the local weekly market.

After an entry-level test the participants will be grouped in suitable classes (level A0 – C1) with an average size of 8 students. The course takes place daily **from Monday to Friday from 9:00 a.m. to 12:30 p.m.** It includes 20 lessons per week.

## HOST FAMILIES

All our host families are carefully chosen and offer a personal surrounding. An ideal opportunity for the students to apply German language in real life and to get an impression of the life and culture of their host country.

We know our host families personally and have a longtime relationship with them. New families are carefully checked by our host family coordinator based on a catalogue of quality standards. These standards are also part of the certification by IALC (International Association of Language Centers). Each student evaluates the family after his or her stay. This feedback is extremely important for us to secure these standards.

All our host families are connected to the cities bus line and are at maximum 20 to 30 minutes away from our school.

A standard booking includes breakfast and a warm evening meal.
