They provide support with admissions, orientations, accommodation, health insurance, banking, transportation, and guidance on transferring to higher education institutions. Our advisors are available to enhance your academic success and can be reached in person at our physical center or online through the Virtual Office.

The Virtual Office (VO), accessible via Zoom video conferencing, offers extended office hours for convenient remote access to services. For continuing students, the Virtual Language Lab (VLab) provides specialized academic support, focusing on make-up exams (subject to teacher approval), e-books, MyEnglishLab (MEL) by Pearson, and course-related issues. Managed by our faculty support team, the Language Lab is available online every Friday from 9:00 a.m. to 12:00 p.m. and 6:30 p.m. to 9:30 p.m. Pacific Time, dedicated to enhancing your academic progress at POLY.

New Student Orientation

Our New Student Orientation, conducted online via Zoom through the Virtual Office (VO), is a mandatory session for all new students at POLY Languages Institute. This essential orientation includes introductions to POLY staff and advisors, placement testing, class registration, and important guidance on student life. We advise all new students to complete this orientation 5 to 30 days before their start date, ensuring a well-informed and smooth transition into their studies at POLY.

Medical Insurance

All F-1 students and their dependents are required to purchase medical insurance before starting at POLY. You may choose your own insurance plan or opt for the International Student Protection (ISP) plan by J. Deutsch Associates, Inc. For more information about ISP, visit [website link] or call 1-877-738-5787. Assistance with obtaining medical insurance is available through our Virtual Office.

Housing Arrangement Service

POLY offers a homestay arrangement service for new students. To secure your accommodation in a timely manner, please request this service at least 30 days before your desired move-in date.

Homestay Features:

- Typically includes two meals per day (breakfast and dinner), a private room with a bed, a desk, and other amenities, varying with each host family.
- Host families are located within a 40-minute commute by public transportation from the POLY center.

We encourage you to visit or hold a video conference with potential host families to ensure a suitable match before moving in.

Fees and Payments:

- A non-refundable \$200 fee is required for the housing arrangement service.
- A \$200 security deposit is due at least 20 days before your scheduled move-in date. This deposit compensates the host family for reserving a place and is not refundable in case of cancellation.
- We recommend that students pay the rent only after obtaining their student visa.

Rental Rates:

- Monthly rental rates may vary slightly depending on the host family.

Estimated rates:

- With meals (Breakfast & Dinner): Approximately \$1,500/month.
- Without meals: Approximately \$1,200/month.

For additional information or assistance with the housing arrangement process, please visit our Virtual Office.

School Events

At POLY Languages Institute, we understand the importance of social interaction and cultural exploration for our students. While we aim to organize student events approximately every two months, please be aware that the frequency and nature of these events may vary, especially in light of recent public health concerns.

These events are opportunities for students to explore the local area, socialize, and build friendships. They are usually announced at least 10 days in advance. While we subsidize a portion of the event costs, there may be a fee for participants.

Please note that events are subject to change or cancellation based on various factors, including public health guidelines. Stay informed about upcoming events and any changes through announcements, our website, or by visiting our Virtual Office.

MyPOLY

MyPOLY, our web-based information system, offers personalized convenience for POLY students. It allows access to current and previous schedules, grades (unofficial transcript), payment history, and service requests. To use MyPOLY, ensure a valid email address is on your application form. Upon acceptance, a password will be emailed to you. Please check your spam or junk mail if you do not see the email. For guidance on using MyPOLY, visit our Virtual Office.

Student Recordkeeping

POLY permanently retains student transcripts and relevant records. These are accessible only to authorized personnel, or the student can request in writing to release them to specific individuals or entities. Additionally, students can access their records through MyPOLY (Student Web-based Information System) using their provided credentials.

Students have the right to challenge their grade and/or attendance records within 30 days of issue. POLY will respond within 10 days to correction requests. Records 10 or fewer days old will be reviewed based on instructor recollections and hard copies. Disputes over records older than 10 days, but less than 30 days, will be based solely on hard copies. For assistance, please visit our Virtual Office.

Transcripts and Certificates

POLY's official transcript, complete with our seal, provides a detailed record of a student's progress. It includes attendance percentage, midterm grade, final exam grade, and final course grades. Students can request their transcript at any time.

POLY offers two types of certificates for ESL program participants:

- **Certificate of Achievement:** Awarded to students who successfully complete (with a grade of C or better) RW 601, RW 602, LS 601, and LS 602. This certificate signifies proficiency in all four English language skills: Speaking, Listening, Reading, and Writing.
- **Certificate of Completion:** Issued to students who successfully complete (with a grade of C or better) at least one course from both a listening/speaking series and a reading/writing series. It indicates the highest levels completed in these series.

Computer Lab

Our computer lab is accessible to all active students, providing a supportive space for specific academic needs such as taking the English Proficiency Assessment Test and completing course finals. It's also available for personal use, especially useful for those who might need occasional access to a desktop environment or specific software. We prioritize the lab's use for academic purposes, but students are welcome to use it for personal tasks, subject to a 30-minute limit when others are waiting. This setup ensures fair access and maintains the lab as a beneficial resource for everyone's needs.

College or University Placements

At POLY, we facilitate smooth transitions into further education following the completion of our ESL program. Students who successfully complete our advanced Listening/Speaking and Reading/Writing courses (601 and 602) can leverage this achievement for admissions into various colleges and career schools. This means you can bypass the need for TOEFL or other standardized English proficiency tests at these institutions.

Program Outline

Program Overview

The ESL Program at our institution is designed to provide comprehensive language education aligned with international standards. Our curriculum is structured around the Common European Framework of Reference for Languages (CEFR), ensuring that students achieve recognizable benchmarks in language proficiency.

Overall Program Goals

- To Develop Comprehensive English Language Proficiency: Equip students with the linguistic skills necessary for fluency and accuracy in English, encompassing speaking, listening, reading, and writing.
- To Cultivate Academic and Professional Readiness: Prepare students for success in academic endeavors and professional careers through targeted English language instruction and practice.
- To Enhance Cultural and Intercultural Competency: Foster students' ability to navigate and thrive in diverse cultural and social contexts, enhancing their global awareness and communication skills.
- To Offer Specialized Language Pathways: Provide students with options to pursue specialized language training that aligns with their individual goals, such as business communication or test preparation.
- To Support Continuous Learning and Development: Encourage lifelong learning and self-improvement through structured English language programs that support ongoing development and mastery.

Program Objectives

1. Language Skills Acquisition: Ensure that students acquire a high level of proficiency in all four language skills — listening, speaking, reading, and writing — with a focus on integration and application in real-life situations.
2. Academic Excellence: Teach students how to effectively engage with academic materials, participate in classroom discussions, write scholarly papers, and comprehend complex texts.
3. Test Preparation: Provide rigorous training and strategies for students to excel in English proficiency exams, such as the TOEFL iBT, which are crucial for academic advancement and global opportunities.
4. Practical Communication: Enable students to communicate confidently and effectively in English within various settings, including travel, social interactions, and everyday tasks.
5. Business English Proficiency: Equip students with the specialized vocabulary and communication skills necessary to operate professionally in English-speaking business environments.
6. Cultural Adaptability: Cultivate an understanding of cultural nuances and social expectations in English-speaking contexts, allowing students to interact with cultural sensitivity and intelligence.

7. Progressive Learning Structure: Offer a curriculum that builds from foundational to advanced levels, allowing students to progress at a pace that matches their learning needs and goals.

Our Teaching Philosophy

At Poly Languages, we are deeply committed to empowering our students to communicate effectively and fluently in English, particularly in academic settings. Our approach integrates communicative skills with the demands of real-world academia, ensuring students are well-prepared for both higher education and the TOEFL examination.

Communicative Language Teaching (CLT) Approach

Central to our teaching methodology is the CLT approach, emphasizing interaction and student-centered learning. This approach ensures students actively use English in various contexts, whether it's academic discourse, everyday conversations, or business English. Key features of our CLT approach include:

- Textbook-Centered Authenticity: Our curriculum is primarily rooted in textbooks, chosen for their authentic representation of language in academic contexts.
- Student-Centered Lessons: We emphasize dynamic, student-led learning through discussions, role-plays, group projects, and debates.
- Functional Language Use: Our teaching goes beyond grammar and vocabulary; we focus on language function in academic contexts.
- Error Correction in Context: We prioritize communicative competence, addressing errors within meaningful communication.

Structured Lesson Models: PPP & ESA

At Poly Languages, our lesson structure incorporates the Presentation, Practice, Production (PPP) and/or Engage, Study, Activate (ESA) models. These models guide the progression from learning new language concepts to actively applying them in real-world scenarios.

- Presentation (PPP) / Engage (ESA): This initial stage introduces new language concepts, setting the stage for deeper exploration.
- Practice (PPP) / Study (ESA): Here, students reinforce their understanding through structured activities, building upon the concepts introduced.
- Production (PPP) / Activate (ESA): The crucial phase of our teaching methodology. In this stage, students shift from passive learning to dynamic application. Activities such as role-playing, debates, group projects, and storytelling encourage authentic and practical language use. This phase is pivotal in transforming learners into confident communicators, enabling them to engage in real-world interactions using the language skills they have acquired.

Teaching Faculty Excellence

At Poly Languages, faculty with a TESOL degree are highly valued for their specialized expertise in English language instruction. Faculty members without a TESOL degree are required to have a bachelor's degree and a TESOL certificate or equivalent. Additionally, all faculty members must possess native or near-native fluency in English. They are dedicated to honing their skills in communicative language teaching (CLT) and are well-versed in either the PPP or ESA structured lesson model. This commitment to professional growth ensures high-quality, effective instruction, with the academic progress of our students as the key indicator of teaching success.

Assessment and Progression Policies

At POLY, we have a comprehensive framework for assessing student proficiency and guiding their academic journey. This section outlines our key policies:

- **Placement Test:** A two-tiered English Proficiency Assessment Test (EPAT) determines new students' placement within our curriculum, with alternative qualifications also considered.
- **Grading Policy:** Students' grades are determined through a combination of assessments, with specific criteria for passing each course.
- **Making Normal Progress:** This policy outlines the expectations for course repetition and progression, ensuring students make consistent and meaningful advancements in their language studies.

Placement Test

POLY utilizes the English Proficiency Assessment Test (EPAT) to accurately determine the English proficiency level of new students. This assessment comprises two exams:

- **EPAT I:** Determines placements between Levels 1 and 3.
- **EPAT II:** For students scoring Level 4 or higher on EPAT I, to determine placements between Levels 4 and 6.

Alternative qualifications, such as recent TOEIC, TOEFL, TOEFL iBT, or documented CEFR levels, are also accepted for placement purposes.

Students have the opportunity to appeal their placement by the 2nd day of the term. They may opt to move down a level autonomously, but advancing to a higher level requires either a retake of EPAT or recommendations from current teachers, subject to final administrative approval.

Grading Policy

A student's final course grade is determined by a combination of various assessments, which may include exams, quizzes, assignments, and participation. To pass a course, students must achieve an overall grade of 70% or higher, equivalent to a "C" or better. Withdrawals from courses are marked as "W," which do not affect the student's grade point average.

Symbol	Point Value	Percentage	Definition
A	4: [3.5 – 4]	90 – 100%	Excellent
B	3: [3 – 3.4]	80 – 89%	Good
C	2: [2 – 2.9]	70 – 79%	Satisfactory
D	1: [1 – 1.9]	60 – 69%	Unsatisfactory
F	0: [0 – 0.9]	0 – 59%	Failing
W	N.A.	N.A.	Withdrawal

Making Normal Progress

In the ESL and TOEFL programs at POLY, students are encouraged to make normal progress by repeating a course only once. Exceptions are granted for true beginners in ESL Level 1 and students in ESL Level 6 and the TOEFL Prep courses, who may repeat their courses twice. It's important to note that students cannot move down a level once they have successfully completed it, nor can they skip a level unless they have official recommendation letters from their teachers. This policy is designed to ensure steady and consistent progress towards completing the language study programs.

At POLY, students are required to maintain an 80% attendance average and a minimum cumulative GPA of 2.0, as part of the commitment to the "Making Normal Progress" policy in ESL and TOEFL programs. Not achieving these standards leads to probation, and continued failure may result in suspension for up to two terms. For F-1 visa students, suspension due to either attendance or academic underperformance directly translates to SEVIS termination, emphasizing the critical importance of adhering to both attendance and GPA requirements for maintaining their visa status.

The following information is provided in accordance with BPPE requirements and is essential for all prospective and current students.
- **Standards of Conduct:** A comprehensive list of expected behaviors and prohibited activities, ensuring a safe and conducive learning atmosphere. This section clarifies the behavioral standards required of all students to foster a positive educational environment.

Each of these sections is designed to provide clarity and guidance on different aspects of your journey at POLY Languages Institute. We encourage all students to familiarize themselves with these policies to fully understand their rights, responsibilities, and the academic standards upheld at our institution.

General Terms & Conditions

At POLY Languages Institute, we uphold specific standards of conduct and a set of policies and procedures designed to safeguard the welfare and safety of both our students and employees. Adherence to these guidelines is expected from all students to ensure a harmonious and secure educational environment.

Class Time Missed

We operate on a term-by-term billing system. Students will not receive credits or refunds for classes missed due to late registration or absences. Additionally, there are no credits or refunds for classes not held on public holidays.

Registration Not Guaranteed

Enrollment in classes at POLY Languages Institute is contingent upon class capacity limits and minimum class size requirements. Consequently, we cannot guarantee registration for any student. For F-1 students, it is imperative to understand that, regardless of any circumstances, they are obligated to maintain full-time status. Therefore, F-1 students are strongly advised to register as early as possible to ensure their enrollment, since registration is allocated on a first-come, first-served basis.

Absences Due to Extenuating Circumstances

Absences are recorded as absence regardless of the reason. However, if a student presents an official doctor's note, especially in situations where the absences could lead to termination due to poor attendance, we will consider these circumstances in our evaluation.

Force Majeure

POLY Languages Institute is not liable for failing to fulfill services or obligations, including the issuance of refunds, in cases of extraordinary events beyond our control, such as natural disasters, government actions, wars, labor disputes, and pandemics. These circumstances can significantly affect our operational capabilities and financial responsibilities.

Unclaimed Balance

Any financial balance left unclaimed by a student after 180 days from their last date of attendance, or from the scheduled start date in cases of non-attendance, will be retained by the school.

F-1 Student Guidelines

At POLY Languages Institute, F-1 international students must adhere to the following regulations, in addition to the school's general policies and procedures, to maintain their F-1 status:

General Requirements

As an F-1 student, there are several key requirements you need to fulfill to maintain your status. These requirements address common issues and concerns essential for staying in compliance with F-1 student regulations:

New Initial Students: As a new initial student, you are required to report to the school upon your arrival in the United States. Your tuition must be paid in full by this time, in accordance with the payment schedules outlined in the 'Tuition' section. This requirement ensures that the full amount invoiced for your designated program and study period, as specified on your application form, is settled prior to the commencement of your studies.

- **Enrollment:** It's mandatory to enroll as a full-time student, which means attending at least 18 hours of instruction per week, by the first day of each term.

- **Notification of Changes:** Should there be any changes in your home address, contact information, sources of financial support, immigration status, or dependent status, you must notify the school within 10 days. Additionally, ensure that any documents required for regulatory compliance are submitted within this same timeframe.
- **Employment:** Engaging in unauthorized employment is strictly prohibited and can jeopardize your F-1 status.
- **Maintaining Valid Form I-20:** Keeping your Form I-20 valid is crucial for your continued studies in the U.S. If you plan to extend your studies beyond the current Form I-20 expiration date, you must register and sign an enrollment agreement for the necessary period. You should also request an I-20 extension at least 10 days, but no more than 30 days, prior to its expiration. Exceptions for requesting an extension earlier than 30 days may be considered under certain circumstances, such as the need for international travel.

Leave of Absence

F-1 students seeking a leave of absence or a reduced course load must complete the 'My SEVIS Record Update' form and obtain approval from POLY Languages Institute. To ensure compliance with SEVIS requirements, this form should be submitted at least 7 days in advance of the term for which enrollment waiver is requested. This process is designed for legitimate reasons and should not be exploited to extend transfer periods or stays in the U.S. unnecessarily. The conditions for obtaining leave approval are:

- **Annual Vacation:** Eligible for up to 60 days (2 terms) of vacation after successfully completing 6 consecutive full-time terms, this period is essential for rest and recovery.
- **Temporary Absence from the U.S.:** If your absence from the U.S. exceeds 6 class days, relief from the registration requirement may be granted. The extent of your absence is determined by the dates on your plane tickets, verified through Form I-94.
- **Medical Leave:** For medical leaves, an official letter from a licensed physician is required. The duration of medical leave is limited to a maximum of 3 terms throughout your studies at POLY Languages Institute, ensuring that your health needs are met while maintaining your academic trajectory.

Traveling Outside the U.S.

Continuing students with a multiple-entry F-1 visa are permitted to re-enter the U.S. if they have a current, DSO-signed Form I-20, a valid visa and passport, and return to resume studies within 4 terms.

Exiting the School

To maintain compliance with SEVIS regulations and avoid termination for failing to meet enrollment requirements, students intending to leave POLY Languages Institute must submit the 'My SEVIS Record Update' form at least 7 days before the term in which they are required to register. This step is particularly crucial for those planning to transfer to another institution, as delays or missteps can lead to a terminated SEVIS record. We strongly encourage seeking guidance from a student advisor well in advance to ensure a smooth transition and adherence to immigration policies.

Refund Policy

Students seeking a refund must complete the Refund Request Form. Upon receipt, refunds are processed and issued by check within 30 calendar days. Students have the option to collect the check in person or request mail delivery, for which a mailing fee applies. We ensure secure delivery through a courier service with a tracking system. Refund checks are made payable to the entity or individual from whom the original funds were received. In cases where enrollment was facilitated by an educational counselor or agency, the refund will be issued to them, unless there is a specific instruction to issue the refund directly to the student.

Basis for Refund

Refunds are determined based on the tuition received by the school, less any applicable fees. Any discounts or promotions are nullified upon withdrawal and are not factored into the refund calculation. The refundable tuition amount is based on the standard published price. Additionally, a service fee of 5% is deducted from the total amount paid via credit/debit card. For students who enrolled through an agency, a recruiting fee, equating to 35% of the tuition for the prepaid period, is also deducted from the refund.

Student's Right to Cancel

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. If the student cancels by the first class session, there is a full refund. Thereafter, there is a cancellation fee of \$150.

Withdrawal

For withdrawals after the cancellation period, tuition refunds are prorated weekly, less the cancellation fee of \$150. No refund is available for withdrawals after 3 weeks of instruction, which is more than 75% of the instruction period.

F-1 Student Enrollment Requirement

F-1 students must adhere to specific enrollment obligations. You are required to enroll for at least two terms (8 weeks) or for the duration specified in your Enrollment Agreements, whichever is longer. Failing to meet this requirement results in an early withdrawal fee of \$880. Exceptions may be granted for students who complete their studies, which includes successfully finishing the most advanced ESL level, Level 600 (8 weeks), or the TOEFL Prep course (16 weeks). Please note that your SEVIS record will be recorded as "Authorized Early Withdrawal" if you discontinue your studies to leave the country, or as "Unauthorized Withdrawal" for discontinuation due to other reasons.

Student Tuition Recovery Fund Disclosures

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

"It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school.

Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, California, 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.

2. You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120-day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number."

Amount of STRF Assessment

(a) Each qualifying institution shall collect an assessment of \$2.50 per \$1,000 of institutional charges, rounded to the nearest thousand dollars, from each student in an educational program who is a California resident or is enrolled in a residency program. For institutional charges of \$1,000 or less, the assessment is \$0.

(b) Unless a student has a separate agreement to repay the third party, a student whose costs are paid to the institution by a third-party payer shall not pay the STRF assessment to the qualifying institution.

(c) Except when an institution provides 100% of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed two hundred fifty dollars (\$250), if notice of cancellation is made through attendance at the first class session, or the seventh class day after enrollment, in which case, the assessment is non-refundable.
